

# e-Diagnostics & EEC (e-Manufacturing) Workshop

<http://www.sematech.org/public/resources/ediag/index.htm>

Brad Van Eck / International SEMATECH

brad.van.eck@sematech.org, 512-356-3981

26 July 2002

# **Welcome to the e-Diagnostics & EEC Workshop (e-Manufacturing)**

**This is one of a series of guideline rollouts.**

**The material from this and previous meetings are available on the public SEMATECH website.**

**We have a very full agenda. Please hold your questions for the discussion period at the end.**

# **Public (f/k/a Open) Conference Confidentiality Notice**

- **This meeting is an OPEN CONFERENCE.**
- **Confidential or Proprietary information may NOT be disclosed.**
- **All meeting attendees are permitted to take notes or otherwise make a personal record of these proceedings.**
- **Presentations may be available to the public via the International SEMATECH public website.**

# e-Diagnostics / EEC Workshop - 7/26/2002

08:00	Welcome	B. Van Eck
08:05	<u>IC Maker “e” Requirements</u>	B. Wiggins
08:25	<u>e-Diagnostics/e-Manufacturing Latest News</u>	H. Wohlwend
08:45	<u>EEC Phase 2.5 Guideline Rollout</u>	J.Toth/K. Mokuya
09:05	<u>Implementation Desires &amp; Concerns</u>	B.Crandell/S. Kobayashi
09:20	<u>“e” Standards Task Forces – Goals and Status</u>	L. Rist
09:35	<u>DDA Status Report</u>	J. Martin
09:50	Break	
10:05	<u>ULVAC – DDA Prototyping Results</u>	K. Ohno
10:25	<u>PRI/Axeda – ISMT Prototyping Experiences</u>	G. Heath
10:45	<u>Asyst/ILST – ISMT Prototyping Experiences</u>	M. Pendleton
11:05	<u>SEAJ “e” Business Model Study</u>	I. Kawata
11:20	<u>Standards Certification</u>	J. Ferrell
11:35	Panel, Q & A	All
11:55	<u>Closing Comments</u>	T. Masui

# e-Diagnostics & EEC Workshop

**What:** This seminar is an e-Diagnostics, EEC, and e-Manufacturing update. A summary of requirements and implementation guidelines will be provided as well as supplier implementation experiences. This meeting provides an opportunity to widely distribute the material to encourage consistent industry implementations.

**When:** 26 July 2002, 08:00am – 12:00pm

**Who:** Any interested chip manufacturers and suppliers

**Why:** To update interested IC Makers, equipment suppliers, & software suppliers on the requirements for e-Diagnostics, EEC, and e-Manufacturing.

**Where:** San Francisco Marriott, Yerba Buena Salons

**Expected Results:** Further alignment of chip manufacturer and supplier implementation strategies for e-Diagnostics / EEC / e-Manufacturing and a common understanding of issues.
